Autologous Blood Therapy is a basic seminar developed for the individual that wishes to expand their knowledge of Autotransfusion and PRP (platelet-rich-plasma) / Stem Cells

The Course content is comprised of: Basic Science; Regulatory Guidelines; Perioperative Blood Management/Autotransfusion; Large/Small/Variable Systems; Stem Cells; Sequestration Techniques; Applications Techniques; Mini Case Reports; Policy/Procedures; Reimbursements; and Wet Lab.

The Course will require the completion of an on-site educational offering, in Jackson, Mississippi, which will require 1 ½ days (15 clock hours) and post class assignments. CEU’s will be awarded (previous courses: 18 {I} + 7 {III} = 25 CEU’s), in addition to a certificate of completion.

The design of the Course allows an inclusive tuition (excluding Hotel and travel) of four hundred and seventy five dollars ($475.00). Included are: On-Site Class, Course Notebook, post class reading/review assignments, breakfast and lunch each class day, and transportation from/to the airport to/from Hilton Garden Inn, prior to 10:30 PM.
